BOSTON/27–31/JULY 1987

Research Director

New York, New York 10022

Dear Dr. McAllister,

On behalf of the Organizing Committee of the Eighth International Symposium on Carotenoids, I want to express our deep appreciation to you and to the Council for Tobacco Research-USA, Inc. for their willingness to support this meeting to the extent of $1,500.00 and in particular for the promptness with which they responded to our request. The contrast between the ability of your organization to respond and that of some of our federal agencies is remarkable.

As you have requested, these funds will not be used to reimburse expenses incurred by participants from the industrial sector. We are also looking forward to seeing Dr. Lisanti again at this meeting.

There is no question that the interest in carotenoid pigments has been increasing and I would hope that CTR might be in a position to consider supporting some of our projects in terms of trying to clarify the relationship between carotenoids and cancer. I would appreciate it if you could send me the forms that your organization uses for support of individual research projects.

Again, my very sincere thanks to the Scientific Director and the CTR staff for their prompt and generous support.

Sincerely yours,

Norman Krinsky
